AMENDED COMPLAINT FOR
CIVIL SUIT FOR MEDICAL NEGLIGENCE AND INDIFFERENCE
TO MEDICAL EMERGENCY

I JURISDICTION & VENUE

This is a civil action authorized by 42 U.S.C Section 1983 to redress the deprivation, under color of state law, of rights secured by the Constitution of the United States. The Court has jurisdiction under 28 U.S.C Section 1331 and 1343 (a)(3). Plaintiff seeks declaratory relief pursuant to 28 U.S.C Section 2201 and 2202. Plaintiff's claims for injunctive relief are authorized by 28 U.S.C. Section 2283 & 2284 and Rule 65 of the Federal Rules of Civil Procedure

The Northern District of Alabama, Western District is an appropriate venue under 28 U.S.C. Section 1391 (b)(2) because it is where the events giving rise to this claim occurred.

II PLAINTIFFS

PLAINTIFF PRISCILLA a. ELLIS IS AND WAS AT ALL TIMES MENTIONED HEREIN A PRISONER OF THE STATE OF ALABAMA IN THE CUSTODY OF THE FEDERAL BUREAU OF PRISONS.
Priscilla A. Ellis is currently confined in Aliceville FCI, in Aliceville , Alabama.

III DEFENDANTS

Kimberly Neely is the Warden at Aliceville FCI. She is legally responsible for the overall operation , safety, custody and medical care of ALL inmates housed at Aliceville FCI as well as the conduct of all of the employees at Aliceville FCI, in Aliceville, Alabama. Warden Neely is responsible for the welfare of every prisoner located within the Aliceville FCI Prison. As the head of Corrections , Warden Neely is also legally responsible for the overall operation of the corrections, care, custody and control of the Aliceville FCI Institution as well of the Conduct of all of the Officers employed at Aliceville FCI hired to maintain the Care, custody ,medical , control and welfare of the inmates housed at Aliceville FCI.

Officer Lott, Officer Beck, Lieutenant Love, Lieutenant Moore, Officer Weston, Officer Dunkin are ALL Correctional Officers at Aliceville FCI who at all times mentioned in this complaint, held the rank of Officers employed by Aliceville FCI and was assigned to Aliceville FCI Operations or SHU (Solitary Housing Unit) at the time of the incident in which plaintiff is seeking

TRULINCS 03260180 - ELLIS, PRISCILLA ANN - Unit: ALI-C-A

declaratory relief and monetary damages.

Each defendant is being sued individually and in his Official capacity. At all times mentioned in this complaint each defendant acted under the color of state law.

III - FACTS

On August 21st around 6:30 pm while housed unlawfully without merits in the SHU (Solitary Housing Unit) Plaintiff started experiencing chest pains, and could barely stand so her cell mate Cynthia Presume pressed the Panic button (which is for emergency assistance from Staff)

When the Officers arrived to include Lt B. Love, Lt Moore (Male), Officer Weston, Officer Lott inside the cage at the SHU , Standing at the Gate of the Shu outside the Cage was Officer Dunkin and Officer Beck.

Plaintiff voiced her excruciating chest pains and requested immediate medical attention. Lt B. Love denied her medical attention stating that the Medical staff had gone for the evening. Plaintiff explained to LT Love that she was hurting really bad, having anxiety attacks and suffered from Chronic Hypertension and could feel her blood pressure escalating and that she had not taken her blood pressure medicine before being brought here.

LT. B Love said" You will be fine until morning , nothing is wrong with you because you are talking to me right now. Plaintiff explained to Lt B. Love that she was an older lady near 60 and knows her body and that she is in need of emergency medical care to please call 911. Again Lt B. Love taunted that he was not going to call medical that his officers would make their rounds every 30 minutes to check on else to make sure she was ok and there is nothing wrong so not calling anyone , taunting and laughing that he is in charge and it's his call and his officers all in tow

Officer Weston
LT Moore (Male)
Officer Lott

All laughing and Officer Weston chimes in to ask Plaintiff's bunk mate Cynthia Presume if she knew CPR and Cynthia Presume said "NO", but this lady is sick, and Officer Weston starts laughing along with the others stating "well you had best know C.P.R tonight" Ha Ha Ha! The other Officers chimed in to laugh and taunt (evident by Security Camera Footage)

By the way: Every 30 minutes is the Officers normal rounds, he was NOT making an effort to check to make sure that Ellis was alright. This was just more taunting. Plaintiff at that moment had no idea that the regular rounds were every 30 minutes.

Officer Dunkin at the Gate yelling , tell her to take an aspirin and lay down , "she will be alright"
Someone should have stepped up to call emergency medical care . They failed to provide Care, causing avoidable suffering.

Plaintiff could barely breathe and pleaded for help with no help rendered for medical care, nor would he call anyone. Plaintiff had a seizure attack, EVERYONE started banging and asking for Help, (No one came) had to suffer through it, and finally again LT B. Love and LT Moore (Male) shows up again to say that they were NOT calling an ambulance, had to stand in the shower for hours until day light afraid to go to sleep, nor could she sleep because of the excruciating pain.

at 7:30 am here comes Nurse Etheridge and Officer Robertson coming and telling Plaintiff to come to the door and Plaintiff asked where was she going and Nurse Etheridge says we are taking you to medical.

Nurse Etheridge performed an E.K.G and took vitals. Blood pressure was 206/118 and the E.K.G was abnormal. Nurse Etheridge immediately called Dr. Williamson and he told her to bring plaintiff over to the big clinic where he was. Dr. Williamson took Plaintiff's vitals again and Blood d pressure was escalating, he immediately started putting NITRO Glycerin tablets under Plaintiff's tongue and on op of the excruciating chest pain, now the headaches come from the Nitro and the Nausea , plaintiff was already weak.

After 4/5 Nitro Glycerin tablets the blood pressure was still escalating and so Dr. Williamson called for an ambulance and told them to get Plaintiff out of here NOW!

It took the ambulance over 2 plus hours to arrive, plaintiff was out of it by then and upon arrival they started working on plaintiff.

After arriving hospital plaintiff was rushed down for a CT SCAN (Upper) and they found that Plaintiff's esophagus was swollen causing the chest pains and blood pressure was still over 206/118. The swelling of the esophagus caused back up and

TRULINCS 03260180 - ELLIS, PRISCILLA ANN - Unit: ALI-C-A

infection up the neck to the ear drum.

according to Doctors that rendered care to plaintiff at DCH Hospital Dr. Gharvan and Dr. Donaldson, had Plaintiff waited a bit longer, she would have died. Had the Plaintiff not had a seizure the night before and gone to sleep, she possibly would have died.

Plaintiff was admitted into the Hospital at DCH on 22 August 2022 and was there for 6 days in which 4 of them plaintiff could only have ice chips no food or water, and was eventually put on an oxygen ventilator and bed pan.

See Attached Exhibit A with the detailed Denied Medical Attention by Aliceville Staff which details the medical procedures that Inmates are suppose to receive according to the Handbook given to all Inmates upon arrival to Aliceville FCI During Orientation.

Ellis was not afforded adequate Medical care as outlined, nor was Ellis afforded any medical care at a critical moment which could have resulted in death, especially at a time that COVID was still very rapid and growing in the Aliceville community and Prison was already on modified operations.

Upon return from the Hospital Officer Fair (FEMALE) and Officer Taylor came to Pick Ellis up in a van that had no air conditioning and it was 95 degrees outside. This is more negligence by Aliceville FCI staff as all should perform a preventive maintenance check prior to taking a vehicle out on the road, especially to pick up an inmate that has been hospitalized, for over 5 days and already weak.

Plaintiff was dripping wet as though she had someone pour water on her and Officer Fair (Female) told Officer Pearson the receiving Officer for Ellis " You probably need to give her a change of clothes, the air didn't work in the van". She didn't say check on her to make sure that she is ok, nothing, just give her a change of clothes. Total inhumane and total negligence.

See Exhibit B - Copy of Hospital Bracelet as evidence that Plaintiff was admitted into the hospital on 8-22-2022 Because of dealing with inmates from several surrounding Institutions, this hospital is known for sending inmates back if it is not critical care that is required

See Exhibit C- The information explaining how Officers or Aliceville FCI staff will handle emergency medical care after hours page 37 and page 38 of the A&O Handbook

Exhibit D- see copy of Appeal to the Warden for compassionate release. Plaintiff made the prison aware of her medical problems and chronic hypertension, seizures and other medical condition that required attention.

Plaintiff had put in over 30 sick call slips and the Clinic at Aliceville FCI responded to stop sending sick call slips, she was on the list to be seen, but was not seen in a timely manner no matter how many attempts that she made to seek medical attention. So plaintiff in the interim suffered excruciating chest pains and hypertension as well as other chronic medical without oversight.

Exhibit E- (4 Pages)see attached Administrative grievance attesting grievance number 1102724-A1 where plaintiff was sexually assaulted by Federal Bureau of Prisons Senior staff Everett Cottrell at FMC- Carswell that the Federal Bureau of Prisons continue to try to cover up or brush under the rug hoping that it will go away, as they are hoping this medical neglect claim go away.

See Exhibit F- Email from SIS Oklahoma telling plaintiff that the Police at Fort Worth was handling this, again in hopes that it goes away knowing that the local police cannot investigate within the Federal institution, it has to be FBI or US Marshals.

IV - EXHAUSTION OF LEGAL REMEDIES

Plaintiff used the prisoner grievance procedure available at Aliceville FCI to try to resolve the medical neglect problems at Aliceville FCI evident by exhibit D, and the fact that Plaintiff gave Warden Neely a copy of the medical neglect complaint in writing in her Hands as she was walking through conducting her rounds in the SHU (Solitary Housing Unit)

V -LEGAL CLAIMS

Plaintiff reallege and incorporate by reference all claims written in sections I through IV above

The Medical neglect and deliberate indifference to medical needs, unsafe medical conditions, the lack of medical attention,

denial of emergency medical care in an imminent medical situation, medical disparity based upon race (because plaintiff felt that this white officer in charge LT B. Love would have never treated an older White women the same age as Plaintiff in this manner to deny medical care when complaining of chest pains especially after letting him know that she has chronic hypertension . Allowing plaintiff to suffer in sever pain for prolonged hours which could have been avoided had they dialed 911, causing emotional and mental anguish, emotional anxiety, did cause mental and physical injuries' did violate Plaintiff Priscilla Ellis' rights and constituted Eighth Amendment Cruel and unusual punishment under the Eighth amendment of the United States Constitution.

All have a right to adequate medical care at an appropriate time , especially during an emergency situation requiring care. Plaintiff has served her country honorably as a soldier and spouse for over 30 plus years to protect the same rights under the United states constitution that was being denied and abused by empty suits calling themselves Federal custody Officers, demoralizing humans simply because they have a title inmate, which is despised by many who accept the position of care. custody and control.

SUBJECT: #2 amendment
DATE: 04/28/2023 12:00:54 PM

The Plaintiff has no plain, adequate or complete remedy at law to redress the wrongs described herein. Plaintiff has been and will continue to be irreparably harmed and injured by the conduct of the defendants unless this court grants declaratory and injunctive relief which plaintiff seeks.

(1) Plaintiff were harmed by prison officials

(2) The harm that was caused that put plaintiff in imminent danger of possibly of death when she tells the prison correctional officers that she is a chronic hypertension patient and experiencing excruciating chest pains, causing mental and physical injury, prolonged denial of medical care which could have resulted in death, PTSD, emotional and mental anxiety from a Senior Correctional Officer telling plaintiff that they will not call medical staff nor dial 911 and it was his decision and the laughing and taunting of being helpless as an inmate under their care and no control over getting your own medical help. This was pure torture and a medical lynching in the 21st century. No white man or woman would have been treated this way, but this White Officer took it upon himself along with his black counterparts to deny much needed medical care. This is color of law abuse and racial discrimination as well.

(3) The correctional Officers actions were not necessary nor reasonable to maintain discipline or the orderly running of the prison. This was total negligence in the worst way.

The Court requested that the pleading be amended to identify the harm and damage for each defendant. Each defendant is guilty of maliciously denying adequate and basic medical care during an emergency. Neither are doctors nor medical staff and cannot make a determination as to whether it is urgent or not and should have called 911. One of the officers there Lt B. Love, Officer Lott, Lt Moore (Male) Officer Beck, Officer Dunkin, Officer Weston should have been more susceptible to an older woman telling them that she was having chest pains and suffer from chronic hypertension and especially during a time when Aliceville FCI was still in Code red from COVID virus, which already mentally antagonized and caused emotional distress on top of the physical pain and suffering.

All of the above officers put Inmate Priscilla Ellis in imminent danger of sudden death by not providing the simple basic medical attention when required by calling anyone listed in the A&O Handbook or their employee handbook, or just having humanity and compassion for a human being.

Officer Fair (female) and Officer Taylor put plaintiff in imminent danger of possible heat stroke or sudden death by coming to pick her up in a van in late August without any air conditioning nor a way to let the window down to allow Inmate Ellis to have air circulating to allow her to simply breathe. These Officers showed no regard for human life simply because as Officer Fair (female) quite often touts "you are just an inmate".

Warden Neely is responsible for the actions of her employees as the person that is in charge of the overall operations and daily running of the Aliceville FCI institution, and therefore is responsible for the actions of the employees that she entrusts to employ as officers for Care, Custody and control of inmates that she houses. Their negligence and medical indifferences or lack thereof are her responsibility to enforce and oversee that they adhere to the written policies of Aliceville FCI A&O handbook as well as their employee handbook.

Officer Fair (Female) and Officer Taylor as seasoned Correctional Officers in the Federal Bureau of Prisons should have known better then to drive two hours away in a vehicle with no air to pick up an inmate that had been hospitalized for over a week causing more pain and suffering physically and mentally and emotional distress. Inmate could have easily had a heat stroke and died. Correctional officers have to be held responsible for their actions, the same as they hold inmates responsible for their actions, which is why we are in custody, but we are still human and deserve the same constitutional protections as all other citizens, as there is no iron curtain between prison and society. The Laws within the United States Constitution under the Eighth and First Amendments still applies.

Eighth Amendment Cruel and unusual punishment

First Amendment -The right to adequate Medical care

Seventh Amendment-The right to a trial by Jury when seeking punitive damages over the amount of \$25 United States dollars.

VI PRAYER FOR RELIEF

TRULINCS 03260180 - ELLIS, PRISCILLA ANN - Unit: ALI-C-A

Wherefore plaintiff respectfully prays that this court enter judgement granting plaintiff

A declaration that the acts and omissions described herein violated plaintiff's rights under the Constitution and laws of the United States.

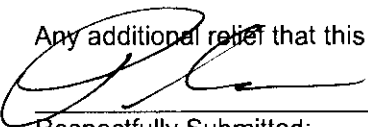

Compensatory damages in the amount of \$5,000,000 (Five Million United States dollars) or an amicable settlement to be determined by this court against each defendant jointly and severally.

Punitive damages in the amount of \$5,000,000 (Five Million United States dollars) or an amicable settlement to be agreed upon between defendants and Plaintiff , against each defendant jointly and severally.

A Jury trial on all issues triable by Jury

Plaintiff's cost in this suit to include filing fees, legal copy fees and postage

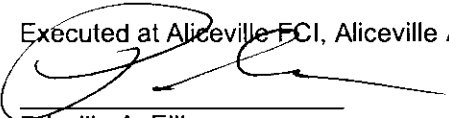

Any additional relief that this court deems just, proper and equitable.

DENIED MEDICAL ATTENTION BY ALICEVILLE FCI STAFF

On 8-21-2022, Ellis was feeling ill and requested medical attention. The Officers in the SHU reused to give Ellis medical attention and eventually Ellis pushed the button and asked for them to call a Nurse or Doctor. They again refused Ellis medical attention but did call the Lieutenant eventually.

SIS Lieutenant B. Love was the Lieutenant on duty that night and he said that it was after 7:30 and the Medical staff had let for the day. I said well I need medical attention I am sick, sick and have chronic hypertension and I had not eaten before you put me in the SHU, so have not taken my medicine yet for the day and I feel that my pressure is rising and I am and am having Horrible Chest Pains as though am having a Heart attack. I told him that I also have Grandma seizures.

Lt. B Love looked at me and said "you are talking to me so you are ok". I said to him "Sir, I am not a kid, I am an Older Lady, almost 60, I know my body".

Lieutenant Love responded "Well you are acting like a kid right now", "I am NOT calling anyone you will be fine, they will be here by 6:00 am in the morning.

Lieutenant love was laughing and taunting, and his staff the same

Officer Weston, as my Bunkie (Cynthia Presume) "Do you know CPR"? Ha Ha Ha! (Laughing and giggling)
Cynthia, said, "I don't know CPR, but I know that this lady is sick", she is not joking".

Weston replies "Well you had best know CPR tonight" Ha ha ha (laughing and joking, and the rest of the officers chimed in to laugh and joke and taunt.

Officer Dunkin
Officer Lott
Officer Weston
Lieutenant B. Love
Lieutenant Moore (Male Lieutenant)

After all of the taunting, I asked directly Lieutenant B. Love (Whom was in charge)

"Sir, are you denying me medical"? I served my country honorably for over 30 years as a Army soldier nd Army spouse at the highest level, we were part of NATO, and this lets every American have access to adequate medical care."

"LT. B Love (Lieutenant in Charge) said "I am NOT calling anyone, you will be fine and walked away with his staff in tow and laughing all of the way out. Lt Love's last words on the eh way out while all were laughing said "I will have them make rounds every 30 minutes to check on you"

This is their normal times for rounds. This was another mimicking Joking, I was not aware, until someone said that is when they come around Ms. Ellis is every thirty minutes. This is sad and shameful. This is the Head Lieutenant of SIS that throws people in the SHU, when he has no evidence or reason to do so. In other words, over reach and abuse of Power (Color of law Abuse) (violation of Government Ethics), (Abuse of Office) etc..

Everyone started banging and yelling for HELP, after I started seizing out and no one returned.

I stood in the shower after I could stand from the seizure, and pushed the button over and over trying to keep my blood flowing

TRULINCS 03260180 - ELLIS, PRISCILLA ANN - Unit: ALI-C-A

and circulated. After what seemed like hours, I came out when I saw it started getting light and just when I told my Bunkie am sorry, will try to lay down, about an hour later

Nurse Etheridge and Officer Robertson came in and said Ellis, "come, we are taking you to medical".

When we got tot he little Medical room in the Shu, Nurse Etheridge did an EKG, she said she could not read it so she called Dr. Williamson and told him she wanted him to read it and told him that my Blood Pressure was 206/118 and so he told them to bring me over to the Main clinic where he was.

Upon arrival Dr Williamson checked my Blood pressure 3 times and saw that it was escalating and he stopped with the 206/118 and started giving me Nitro Glycerin tablets under my tongue, hooked me up to IV Fluids and called an ambulance to get me out of there, my chest felt like it was going to cave in and it took the ambulance over an hour plus to arrive, even though they told Nurse Etheridge that they would be there within 20 minutes, it was closer to TWO HOURS for them to arrive.

Once I arrived the Hospital, they took again checked blood pressure it was escalating from the 206/118, they took me down for a CT (Cat Scan) (Upper) and found that my esophagus was swollen and backed up to my neck and would not allow me to eat anything nor drink and liquids for 4 (Four days) I was eventually put on Oxygen Ventilator) had to use a bed pan, and was in the Hospital for 6 days.

I was told by Dr. Donaldson and Dr. Gharvan that had I gone to sleep that Night of the incident, I would have possibly DIED, yet Lieutenant B. Love and his staff on their own free will denied me medical attention and treatment which caused me mental anguish, physical and emotional pain and grave anxiety that could have resulted in DEATH.

This is worse then the George Floyd/ Chauvin case, when a senior Officer is wrong, then one of the other Officers, should have stepped up and took responsibility to dial 911 to possible preserve life and remove the physical pain and emotional distress.

Just because Ellis was not crying and screaming, they assumed that I was NOT sick. An adult knows their body, especially a WOMAN.

This should be unacceptable anywhere in t he United States of America, and especially Prison where Inmates rely upon the Federal Bureau of Prisons and Federal Government for Care, and have no other option as persons in a regular community environment.

All involved in this situation should be immediately terminated and or relocated to another facility AFTER they go through further training on handling medical situations. NONE of them are doctors or medically inclined to determine if someone is malingering or faking.

They should always seek out Medical staff and let the determination be made there, as to further actions on dealing with the Inmate.

This could have been avoided, as Ellis had put in over 30 plus sick call slips since arriving Aliceville FCI and still has NEVER seen the Doctor, even prior to them denying the request for compassionate release. This should be unacceptable anywhere in the United States to include Prison.

Ellis has NEVER had one incident report since arriving Federal Bureau of Prison for insolence or otherwise, because she is a professional on the outside of prison that was authority, so RESPECTS Authority.

I served my Country so that All Americans can enjoy the protected Freedoms of the United States Constitution that includes adequate Medical Care.

I want TOTAL Accountability for the actions of each of these employees that could have caused DEATH, to me and possibly other inmates, solely because they want to Joke, and taunt and Abuse their power and put on a show amongst each other of " Look at me, I am the Dummy in Charge"! NO ONE SHOULD HAVE TO GO THROUGH THIS, NO ONE!

No one with a family member at home would not show compassion, especially towards a woman. We are Inmates but above all we are HUMAN and WOMEN!

I want Full Accountability!

An inmate will receive adequate Medical Attention. The BOP inmate Health care delivery system includes local ambulatory clinics as well as major medical centers. Locally, emergency medical care is available 24 hours a day in ALL OP Facilities. BOP Clinical staff typically covers the day and evening shifts and community personnel meet the Emergency Needs when BOP Clinical staff is not on site.

Page 38 of this Handbook States

All Emergencies or injuries receive priority for Treatment. Appropriate Medical Care will be provided by Institution Clinical Staff, on call Staff if After Hours, or by community Emergency Medical Providers. (This is apparently if the Aliceville FCI Staff calls them in an appropriate manner and time frame to prevent further injury/suffering to them Inmate) Which was clearly not the case in Ellis' case being that she had to wait until the next morning to receive care and suffered throughout the night, as well as the Ambulance Service told Nurse Etheridge that they would be there in 20 minutes and it was almost TWO HOURS before they arrived. This is not sufficient in a Life or death emergency medical situation.

A change for progress must be made.

[REDACTED] about the individual inmate outweigh the need to visit the community.

[REDACTED] is an authorized absence from an institution by an inmate who is not under the escort of a member, a U.S. Marshal, other Federal or State agent. Furloughs are a privilege, not a right, and are only granted when clearly in the public interest and for the furtherance of a correctional goal. An inmate who meets the eligibility requirements may submit an application for furlough to staff for approval.

Central Inmate Monitoring System

The Central Inmate Monitoring System (CIMS) is a method for the Agency to monitor and control the transfer, temporary release, and participation in community activities of inmates who pose special management considerations. Designation as a CIMS case does not, in and of itself, prevent an inmate from participating in community activities. All inmates who are designated as CIMS cases will be notified by their Case Manager.

Marriages

If an inmate wishes to be married while incarcerated, the Warden may authorize him to do so under certain conditions. All expenses of the marriage will be paid by the inmate. If an inmate requests permission to marry he must:

- Have a letter from the intended spouse which verifies their intention to marry.
- Demonstrate legal eligibility to marry.
- Be mentally competent.
- The marriage must not present a security risk to the institution.

Marriage procedures are detailed in local Institution Supplement's.

Barber Shop

Haircuts and hair care services are authorized in the barber shop only. Hours of operation are posted in each of the housing units and the barber shop.

Medical Services

The BOP inmate health care delivery system includes local ambulatory medical centers. Locally, emergency medical care is available 24 hours a day at the medical facilities. BOP clinical staff typically covers the day and evening emergency personnel meet emergency needs when BOP clinical staff are not available.

Health services typically include episodic visits for new or recurring health problems through a sick call system, chronic care management for chronic conditions, enrollment in chronic care clinics for regular care, restorative care for injuries and sudden illness, aggressive medical care for optimal health and functional status, restorative care for long-term care and end-of-life care.

Health services typically include episodic visits for new or recurring medical or dental symptoms through a sick call system, chronic care management for chronic and infectious diseases through enrollment in chronic care clinics for regular care, routine dental care, medical and dental emergency care for injuries and sudden illness, age-appropriate preventive care to promote optimal health and functional status, restorative care to promote achievable functional status, long-term care and end-of-life care.

Sick Call System

For episodic care, clinical and dental staff will screen the inmate's complaint, give a future appointment based on the nature of the health complaint and enter the appointment date on the "callout" sheet. Inmates will report to their assigned work details after making the sick call appointment. If the medical or dental sick call appointment is scheduled for the same day, the inmate will receive a sick call appointment slip and give it to the work detail supervisor who will authorize the inmate to go to the clinic at the appointed time. Inmates who become ill after the regular sick call sign-up period will notify their work supervisor or Unit Officer to call the Health Services Unit to arrange an evaluation. Inmates requesting health services will be charged a co-payment fee unless staff determines they are indigent and not subject to a co-payment fee.

Inmates in detention or segregation who are unable to attend the scheduled sick call sign up event will access sick call by submitting a written request for evaluation or by verbally asking for a sick call appointment when the Health Services clinician makes daily rounds in the secured unit.

Emergency Medical Treatment

All emergencies or injuries receive priority for treatment. Appropriate medical care will be provided by institution clinical staff, on-call staff if after hours, or by community emergency medical providers. Clinicians covering evenings, weekends and holidays provide treatment for acute medical problems and directly observed pill lines.

Medication Administration (Pill Line)

Controlled medications are administered at regularly scheduled times of the day and evening in a specific location in the Health Services Unit known as the "pill line." Clinical staff delivers controlled medications to inmates in detention or segregation units during established pill line times.

On-the-job Injuries

Inmates injured while performing an assigned duty, must immediately report this injury to their work supervisor. The work supervisor reports the injury to the institution Safety Manager who completes mandatory occupational injury documentation. The inmate must be evaluated by clinical staff and an injury report completed for inclusion in the inmate's health record under the Occupational Medicine section of BEMR.

Inmates who suffer a work-related injury may be eligible for compensation if the injury prevents the inmate from performing her or her usual work duties. However, the inmate may be disqualified from eligibility for lost-time wages or compensation if he or she fails to report a work injury promptly to the supervisor.

Part A - REASON FOR APPEAL

I am appealing the Warden's decision dated 6-23-2022 to deny my compassionate release based upon my underlying medical conditions. First of all, I have not been diagnosed by a doctor since I have been here., They are still not giving me all of my medications as attached, as soon as I stepped foot on this compound prior to diagnosing me, the Wack Doctor Li took away a lot of my medications that have been prescribed to me for years, even prior to incarceration by the Veterans Hospital. I have a visible Port exposed that sticks out of my chest and have not been x-rayed nor drained and I do not and cannot get the appropriate diet in the FBOP with my medical condition. They do not allow me to take my food back to the Unit without sneaking it out of the Chow Hall which means that I would be hungry or starved as with my medical Lap Band, I have to eat very slow or throw up all over the place, it takes over an hour to eat one meal (Small) . I have seizures , I have hypertension (CHronic, as my mom died at age 36 from Hypertension) , I have partial hearing in right ear and ear Ulcers that cause severe pain. I would like a compassionate release (see attached

I am writing to file an official complaint of Sexual Abuse, sexual harassment and sexual explicit misconduct against your Unit Manager Everett Cottrell at FMC Carswell. Your Unit Manager Everett Cottrell has sexually assaulted, sexually harassed, mentally harassed and tormented me for the past two plus years. I had no where to turn to and if you notice in all of my complaints, his name was never mentioned because he always threatened me that he is the ONLY person that can help me and that he told everyone that they were to refer me to him. In all NO one would help me. The counselor and the Unit Case Manager even as I was leaving Case Manager Groves told me if you have questions about your transfer, talk to Mr. Cottrell. I know that it should not work this way, as the Prison staff at Hazelton were professional and did not work in this manner. I have 100% CLEAR Conduct so why would a Unit Manager have so much interest in one inmate? Why? because he was sexually abusive, towards me consistently over and over. Mr. Cottrell told me that even if I tell the Warden or AW, neither could help me as they cannot tell him how to run his unit and he would just lock me down on Level 5 again, where he had done for over 5 plus months with 100% Clear conduct. I knew that I already had limited time to communicate with my family and needed to be out to work on my legal pleadings so did not test his threats.

Mr. Cottrell fondled my breasts, rubbed his black ugly body against mine, rubbed his Penis against my body on more than one occasion the last is in July/August when he brought me my added contacts from the Attorney General for the unlawful SAM that he falsified documents to have attached at the request of my sentencing district. I followed him into the copy room to make me copies of the modified form for the contact approval and he rubbed his penis against my body and asked how does that feel? He talked dirty, vulgar explicit and again always made known that he was and had the Power to do whatever, whenever to me with no one to question him as I was just an inmate.

I did try to tell the Warden and AW that something was going on, I told both of them on more than one occasion that I did not include his name into anything because I was warned that he was very vindictive and had more power on Carswell than the Warden, and NEVER ANY OF THE ADMINISTRATIVE REMEDIES included his name in anything except for the copies that he provided to me while in lock down of first grievances. That is it! I was too afraid and did not want to be locked down again as he threatened, even to the last week before leaving Carswell, he denied me medical attention and told Dr Ingham and his staff to not provide me medical treatment. I no longer feel safe in the Federal Bureau of Prisons and would like to be housed in a Private facility while my attorney works my case. I want to file immediate Criminal Charges against Everett Cottrell, Unit Manager at FMC-Carswell for sexual abuse, sexual harassment, explicit sexual vulgarities and unwanted and unauthorized touching for almost two years and mental harassment.

Please send an investigator to speak to me urgently and please remove me to a private facility not controlled by the Federal Bureau of prisons.

If my attorney needs to make contact with you, then I will ask him to reach out to you.

Congresswoman Beth Van -Duyn

Hello Mayor Parker; Fort worth Police Department and Congresswoman Van-Dune;

I am writing to let you know of the Sexual assault, sexual harassment, vulgar explicit sexual language, mental and emotional abuse that I endured over the past two plus years while in the Admin unit at FMC -Car swell by the Unit Manager Everett Cottrell, who falsified documents to send to the Attorney General Barr to add unlawfully applied SAM using false allegations that I was not indicted nor convicted for, but Attorney General Merrick Garland reversed it in September 2021 stating that I was right as a matter of law, and now have to get relief through the Courts for the Double Jeopardy sentence that the prison staff applied 19 months after my final sentence. There are several women here at the Transfer Center in Oklahoma that have been sexually assaulted, emotionally tormented by the FMC-Carswell staff and then although Texas is my Region, am from Killen, Texas (Fort Hood, Texas) This is my home since March 1994, as a military transplant, to continue their cover up, they transfer me all across the country away from my family to Waseca, Minnesota. This is way over 500 miles out of my region. I have never had any mis-conduct or write ups my entire time in the FBOP, as I know that I was falsely accused and thrown into a conspiracy in which I was a victim. Please see attached that I sent to the Director of the Federal Bureau of Prisons

I want to file criminal charges on Everett Cottrell, Unit Manager at FMC-Carswell. He sexually assaulted me repeatedly with unwanted touching, rubbing his body against mine, using explicit vulgar sexual remarks. He threatened me repeatedly that if I tell anyone, he would lock me down, this would prevent me from talking with my family or working on my legal case. He had locked me down for almost 9 months in solitary confinement before 23/24 hours a day with good conduct, so I believed him. He has had the mail room clerks, Ms Coleman and Ms Reader Ashbury and his secretary Ms Adkins, tamper with my legal mail, so I started sending it out certified and some never arrived, Cochran law firm was sent in May 2021, still says out for delivery the Supreme court 7020-1810-0001-9911-5317 sent 17 August 2021 to Supreme Court (not traceable) 7020-1810-0001-9911-8157 sent to Supreme Court in July 2021 (not traceable) contact my sister Retired Army Sharon Callens at 254-630-6885 5328 CenterHill Drive Fort Worth, Texas 76179

I sent her copies of the legal Civil rights lawsuit I filed in May, she will give you the tracking number, set in May, still says out for delivery. They tampered with the mail system, am sure at Mr Cottrell's request. I sent a legal box out with all of my legal on 27 October, to date it is unlocateable. Where did Mr Cottrell have Ms Reader and Ms Coleman send it?

This man is beyond corruption. I am sure that I am not the only person that he has done this to. I had no one to tell and could not tell anyone so imagine, the Trauma that I have endured. When I arrived the Transfer Center, the Officer must have seen a sign of relief come over me, with 8-10 of us in line, she only came to me and asked what was my name and was nice through out the in-processing and I broke down crying like a baby when I went to see the Psychiatrist in processing. I had a mental / emotional break down. Before I left I had a seizure and injured my shoulder, it was swollen, I could not move it nor wash my bottom and Mr Cottrell to Dr Ingham and his staff to not give me medical care that I was trying to get a medical hold.

This should not be happening in a prison in the United states of America. I sent a criminal complaint to the Sheriff's Department, but want to file one with the Police as well. I do not want this getting swept under the rug. I refuse to allow it to happen again to anyone. I do not feel safe in Federal Custody and want to be sent to a Private Federal Facility while my Attorney is getting me a court date.

I was sexually abused, sexually assaulted, sexually harassed for over 2 years by my Prison Unit Manager in the Federal Bureau of Prisons at FMC- Carswell, and they are trying to brush it under the rug. He has manipulated the system and modified my final sentence after 19 months of final sentence, threw me into solitary confinement for over 9 months for 23/24 hours per day when I have good conduct, never any disciplinary problems my entire time in the FBOP. I want to and need to talk to the News Media. The cover up of what's going on in these women prisons need to stop. There are over 12 of us sexually assaulted at Carswell alone, and some were even given venereal diseases. One lady here with me was penetrated by a Lieutenant, and no one is trying to help us. Psychology comes to see us once per week and gives us puzzles. That is not taking away the pain and suffering. Neither of us feel safe in the eh custody of the FBOP and wants to be transferred to private facilities. Please call here to the Federal Transfer Center in Oklahoma City, Oklahoma, or have Sean Hannity, Lawrence Jones, Laura Ingraham, Bret Behr or Tucker Carlson call here and ask for the Counselor Zapeda to pull me out to speak to me and the other inmate. I wrote the Mayor of Fort Worth, The police Dept and the Sheriff's dept telling them that I want to file charges and to date have not heard back from them. SIS came to speak to me last week, almost a month after being here at the Transfer Center. There is so much more to tell. My Sister is Retired Army and my P.O.C. Sharon Callens 254-630-6885. I am a US. Army Veteran.

Please, someone contact me, I need your help and believe that the public has a right to know what's going on there, one at a time, we are getting no where we want to speak out collectively.

Thank you for your help!

Yes, the local police and FMC Carswell are taking care of this.

Inmate Message Below

I have been here three weeks and no one has come to speak to me about the sexual assault at FMC-Carswell. Is this because I reported to the local Sheriffs' so you don't need to take my statement and also the PREA Hotline?

Thank you

TRULINCS 03260180 - ELLIS, PRISCILLA ANN - Exhibit H - Request SHU Administrative Form

FROM: 03260180

TO:

SUBJECT: PUT IN SHU Want Admin Grievance FORM

DATE: 04/27/2023 12:26:17 PM

I want a copy of the Administrative Form of why I was put in the SHU. I had not done anything. I did what I was suppose to do. on 8-18-2022, I was in room 132 in Unit C2 and a Mexican Inmate Mayra Flores had just gotten out of the SHU for the 2nd or 3rd time. They housed her in 132 upper with me, and she came in using profanity and screaming " This is my fucking room now and if you don't want to live with me, you can move the Fuck out".

I didn't say anything to her, immediately (Evidenced by the Cameras) went to the Unit team area and the door was locked , so started banging on it after seeing Case Manager Edgeworth and Mr. McDaniels sitting at their desk. I could hear Mr. McDaniel's saying get the Fuck away from that door.

I kept banging and yelled Mr. McDaniels, it is Ms Ellis and it is Urgent. He did not open it, but Ms. Jemison, Case Manager for C4 was coming down the Hall and saw me, so she came and unlocked the door and beckoned me in and I told Mr McDaniels what happened and asked if he could please move this girl into the room with her friends or somewhere else that 219 is empty, I am trying to go home and working with t he FBOP attorney for my Double Jeopardy and Mr McDaniels replied " Ms Ellis , you know what to do, at 4:00 count refuse housing and go tot he SHU"!

How did I know what to do? I had NEVER been in any trouble before.

I was crying to him and still, he turned me away, I had NEVER asked him for anything. This man Never knew my name.

Yet instead of trying to ask, or come to a solution to not cause problem to escalate, he did his natural thing,, turn me away, because am older and an inmate.

I walked back to the room and prayed and got up the next morning 8-19-2022 (Friday) for breakfast and saw the CPT on the compound and told the Captain (CPT Mosby) what happened, and CPT said did you go to Unit team, and I said "yes" and told her that Mr McDaniels told me to refuse 4:00 count and go to the SHU".

The CPT looked startled and shook her head No and said on Monday she would talk to Unit team, because they don't work on Friday.

On both nights, Mayra Flores came into the room high and said she was smoking K2 upstairs in a smoking room,, camera can see and that she was falling off the toilet and saying she was stuck and left lights on until 3:47 am. I told her I was telling the Staff.

On Sunday , Mayra Flores, Joanne Tragas and others started writing to SIS to tell them that I threatened Mayra Flores. I had NEVER to date said one word to this lady other then I was telling that she was using drugs and I don't use drugs and do not want to be housed with anyone using drugs and falling all over and stuck to toilet . No yelling , no profanity.

I was preparing my food on 8-21-22 between 12:30 to 1:30 to eat before my VIDEO VISIT with my sister at 3:30 in which I had already asked Officer Holdiness that morning if it was okay for me to attend my 3:30 visit because some officers will tell you that you have 15 minutes or the entire visit. Officer Holdiness informed me that he would be leaving at 2:30 so it was up to the Other Officer.

Yet, SIS Lt Love instead of reviewing the cameras and checking to see that I was only going from my room to get hot water back and forward, because this is how I warm and prepare my meals , and to check to see that I had a Video visit scheduled for 3:30.

Lt B. Love without any evidence of a threat nor altercation other then inmate colluding to send emails as he see from the cameras them at the table together prior to.

Lt B. Love said I have to put you in the Shu. I said for what, put her in t he Shu, she just got out, and he said, she is not seeking protection from you, so you are goin g to the SHU because she said you are fighting at 3:00/

How remedial and kiddie is that? Had he listened to my side that I had sent him an email telling him to check the phone from he 8=18-22 where Pinky 115 lower had allowed Mayra Flores to use her telephone to call a man that they are

TRULINCS 03260180 - ELLIS, PRISCILLA ANN - Unit: ALI-C-A

all getting money from (Mayra Flores) was bragging about it during her ramblings of high on K2 and stuck on the toilet.

Also Lt. Love could have easily checked the Cameras to see that there was only one person that came in the room to speak to Ellis was Ta Ta #115 Upper.

Also Lt B. Love could have easily checked to verify that Ellis was telling the truth when she told him that she had a video visit with her sister at 3:30.

I am NOT a kid and do not play kid games. Lt Love had no reason to put me in the Shu, but could have easily told Officer Holdiness to relocate one of us to another room, as they did for Inmate Sajere a couple of days before , when her Bunkie started yelling at her.

I was in the SHU from 21 August through 13 September (Minus 6 days (six) days that I was in the Hospital and to date has still not received the Administrative Segregation form from the Lieutenant's Office to show why I was put in the SHU.

I lost a lot of property and commissary that I should have not lost. Brand new commissary that was Never opened, whole bag of candy cereal , coffee etc.. Booklight that was purchase and Carswell, they don't have here.

There was no reason for me to have lost this stuff. Family photos was the most important as hard to replace them in prison environment.

Everyone has a right to Due Process and to know why they are being arrested and thrown into Jail, which is essentially what the SHU is a Jail in the Prison community.

I would like a copy of the Administrative Segregation form and I want accountability for Mr McDaniels and Lt B. Love's actions which could have been avoided.

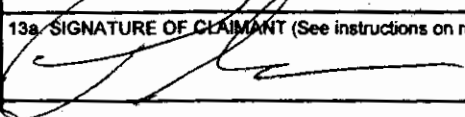

I've NEVER disrespected any staff member and try to treat all cordially , no matter what. I know that I am just an Inmate here, this is not my business, but I do know that I am entitled to Due Process and Respect as well. Respect is a two way street, whether you are the giver or receiver and all is entitled.

Right is right and wrong is wrong, these people filed out an application for this Job, no one knocked on their door and dragged them out of their homes to work at a Prison, so they should be held accountable for their actions as all others in any employment environment.

Yes, some of us are over the top, that they understood this when they accepted the Job, but you cannot label all Inmates the same as we cannot label all staff as uncompassionate, careless and corrupt.

All of this could have been avoided.

LAST NAME, FIRST, MIDDLE INITIAL REG. NO. UNIT INSTITUTION

Part A - REASON FOR APPEAL I was denied Medical on 8-21-22 by Lt B. Love and his staff and they taunted and teased about not claling medical even after I requested several times for him to seek medical or dial 911 for an ambulance. See atatched. On the way out of the door Lt B Love said I will not call an ambulance and I will haev the officer check on you every 30 minutes (Me being gullible not realizing that is when Officers come around anyhow) every thirty minutes. His other Officer Weston, asked my bunk mate Cynthia Presume if she knew CPR and Cynthia replied No, but this lady is sick, and Officer Weston gigling and taunting said" well you had best know CPR tonight, and they all laughed , evidence by the camera. See attached complaint filed in detail. I srevd my COUNTRY honorably so that the BOP can hire rag bags and empty suits liek these that deny the basic care that men and women like me served honorably in Uniform for them to have. I ended up having a seizure thank God, the seizure saved my life because I pushed the button in the shower until daylight to keep blood flowing. I had blood pressure of 206/118 and was finally taken the next day by ambulance to DCH hospital from 22 August 2022 through 28 August 22, put on a ventilator and bed pan and could nto eat for 4 days, nothign but ice.

9-2-2022 I almost died.

Ellis, Priscilla A. 05200100 CI Aliceville FCI
 continuation for the Denied Medical on 8-21-2022 by LT B Love SIS
 & Staff.

The Hospital upon arrival started immediate tusting and blood pressure checks and blood pressure remained above 206/118 and climbing. They sent me down for a CT scan and found that my esophagus was swollen and backed up to my neck causing the chest pain, like a heart attack. I had put in over 30 plus sick call slips prior to this for this problem. It did not just abruptly happen, it got worse. I told Dr. Li and medical staff that I had a port that protrudes my chest and that it needed to be serviced, and that I was having chest pains on more than one occasion, even immediately upon arrival to Aliceville FCI in March 2022. They told me to stop sending sick call slips.

What Lt B. Love and Lt Moore (Male) Officer Dunkin, Officer Lott, Officer Weston , Officer Pearson and others unknown did to me that night taunting, joking and laughign that they are not going to call medical and that I would be alright until the next day, and caused more extreme pain, mental and physically and anxiety and caused a servere epilepsy atack.

The doctors said, had I gone to sleep that night, I would have died. I suffered in pain , and afraid to go to sleep that night in fear of death. I was in so much pain. If I had not been in that SHU cell by SIS Love pugtting me there without investigating an incident nor did he give me a Paper saying why I was there .

I would have died due to his and his staff carelessness and denial of medical. I want full accountability and compensation. I want to be relocated to Military/veteran housing as I definietly do NOT feel safe at the hands of the FBOP nor Aliceville and fear retaliation as he has been relieved from his SIS LT position. I fear every time that I pass this man in the chow hall. No one should have to endure such stress when suffereing with extreme PTSD already.

Attachment: Medical grievance write up in detail
 It is despicable what was said and doen to me on camera on 8-21-2022 by Lt. B. Love and his staff, no one should have to endure this and I want to make sure that no one else does. They all need to be terminated and/retrained on their poisitons and humanity. They are NOT medical staff adn shoudl nto deny ANYONE requesting medical service/care a medical expert to evaluate their circumstance and condition.

I HAVE sent multiple Cop outs & Sick Call slips. I HAVE been on this Compound 15 days without Adequate medications. I'm weak. HAVE NOT received my Potassium nor multi. Vitamins. I HAVE A TUBULAR Port (Port Sticks out of chest) so visible. I cannot take the huge Probiotics that they sell on Commissary & they are not chewable. Vitamins are part of my chronic care for over 20 plus years. Potassium gets detrimentally low, my legs are in pain & I'm weak. I can't stand for long periods. I HAVE not received my NASAL SPRAY, HAVE acute Sinusitis (allergy). Almost died from Asthma as a child. HAVE not received my Proton for PTSD nor Anxi, Prescribed by VA as Army Veteran suffering from PTSD. It's been over 15 days, multiple Sick Call slips. Copouts. What do I need to do? Even with lower Cell for Seizures still on Top Floor & hand seizure
